Contents

A Personal Note to Students xiii
Preface for Instructors xiv

PART I
Theory and Research in Child Development

CHAPTER 1
History, Theory, and Applied Directions 2

The Field of Child Development 4
Domains of Development 4
Periods of Development 5

Basic Issues 6
Continuous or Discontinuous Development? 7
One Course of Development or Many? 8
Relative Influence of Nature and Nurture? 8
A Balanced Point of View 9

BIOLOGY AND ENVIRONMENT *Resilient Children 10*

Historical Foundations 10
Medieval Times 10
The Reformation 11
Philosophies of the Enlightenment 12
Scientific Beginnings 13

Mid-Twentieth-Century Theories 14
The Psychoanalytic Perspective 15
Behaviorism and Social Learning Theory 17
Piaget's Cognitive-Developmental Theory 19

Recent Theoretical Perspectives 21
Information Processing 21
Developmental Cognitive Neuroscience 23
Ethology and Evolutionary Developmental Psychology 23
Vygotsky's Sociocultural Theory 24

CULTURAL INFLUENCES *!Kung Infancy: Acquiring Culture 26*
Ecological Systems Theory 26

SOCIAL ISSUES: HEALTH *Family Chaos Undermines Children's Well-Being 29*
New Directions: Development as a Dynamic System 30

Comparing Child Development Theories 31

Applied Directions: Child Development and Social Policy 32
Culture and Public Policies 34
Contributions of Child Development Research 35

SOCIAL ISSUES: HEALTH *Welfare Reform, Poverty, and Child Development 36*
Looking Toward the Future 37

Summary 38

Important Terms and Concepts 39

CHAPTER 2
Research Strategies 40

From Theory to Hypothesis 41

Common Research Methods 42
Systematic Observation 42
Self-Reports: Interviews and Questionnaires 46
Neurobiological Methods 47

BIOLOGY AND ENVIRONMENT *Prenatal Iron Deficiency and Memory Impairments in Infants of Diabetic Mothers: Findings of ERP Research 49*
The Clinical, or Case Study, Method 50
Methods for Studying Culture 51

CULTURAL INFLUENCES *Immigrant Youths: Adapting to a New Land 53*

Reliability and Validity: Keys to Scientifically Sound Research 54
Reliability 54
Validity 54

General Research Designs 55
Correlational Design 55
Experimental Design 56
Modified Experimental Designs 58

SOCIAL ISSUES: EDUCATION *Can Musical Experiences Enhance Intelligence? 59*

Designs for Studying Development 60
The Longitudinal Design 60
The Cross-Sectional Design 62
Improving Developmental Designs 63

Ethics in Research on Children 66

SOCIAL ISSUES: HEALTH *Children's Research Risks: Developmental and Individual Differences 68*

Summary 70

Important Terms and Concepts 71

PART II
Foundations of Development

CHAPTER 3
Biological Foundations, Prenatal Development, and Birth 72

Genetic Foundations 73
The Genetic Code 74
The Sex Cells 75
Boy or Girl? 76

Manuscript for review only

Multiple Offspring 76
Patterns of Genetic Inheritance 77
Chromosomal Abnormalities 82

Reproductive Choices 84
Genetic Counseling 84
Prenatal Diagnosis and Fetal Medicine 84

SOCIAL ISSUES: HEALTH *The Pros and Cons of Reproductive Technologies 86*

Prenatal Development 88
Conception 88
Period of the Zygote 89

MILESTONES *Prenatal Development 90*

Period of the Embryo 91
Period of the Fetus 92

Prenatal Environmental Influences 94
Teratogens 95
Other Maternal Factors 103

Childbirth 107
The Baby's Adaptation to Labor and Delivery 108
The Newborn Baby's Appearance 109
Assessing the Newborn's Physical Condition: The Apgar Scale 109

Approaches to Childbirth 109
Natural, or Prepared, Childbirth 110
Home Delivery 111
Labor and Delivery Medication 112

Birth Complications 112
Oxygen Deprivation 112
Preterm and Low-Birth-Weight Infants 113
Birth Complications, Parenting, and Resilience 117

SOCIAL ISSUES: HEALTH *A Cross-National Perspective on Health Care and Other Policies for Parents and Newborn Babies 118*

Heredity, Environment, and Behavior: A Look Ahead 118
The Question, "How Much?" 120
The Question, "How?" 121

BIOLOGY AND ENVIRONMENT *A Case of Epigenesis: Smoking During Pregnancy Alters Gene Expression 125*

Summary 126

Important Terms and Concepts 127

CHAPTER 4

Infancy: Early Learning, Motor Skills, and Perceptual Capacities 128

The Organized Infant 129
Reflexes 130
States 132

CULTURAL INFLUENCES *Cultural Variation in Infant Sleeping Arrangements 134*

SOCIAL ISSUES: HEALTH *The Mysterious Tragedy of Sudden Infant Death Syndrome 136*

Neonatal Behavioral Assessment 138
Learning Capacities 139

Motor Development in Infancy 147
The Sequence of Motor Development 147

MILESTONES *Some Gross- and Fine-Motor Attainments of the First Two Years 148*

Motor Skills as Dynamic Systems 148
Fine-Motor Development: Reaching and Grasping 150

Perceptual Development in Infancy 152
Touch 153
Taste and Smell 154
Hearing 155

BIOLOGY AND ENVIRONMENT *"Tuning In" to Familiar Speech, Faces, and Music: A Sensitive Period for Culture-Specific Learning 156*

MILESTONES *Development of Touch, Taste, Smell, and Hearing 158*

Vision 158

SOCIAL ISSUES: EDUCATION *Development of Infants with Severe Visual Impairments 162*

Intermodal Perception 166

MILESTONES *Visual Development in Infancy 167*

Understanding Perceptual Development 168

Early Deprivation and Enrichment: Is Infancy a Sensitive Period of Development? 169

Summary 172

Important Terms and Concepts 173

CHAPTER 5

Physical Growth 174

The Course of Physical Growth 176
Changes in Body Size 176
Changes in Body Proportions 176
Changes in Muscle–Fat Makeup 177
Skeletal Growth 178
Gains in Gross-Motor Skills 178

MILESTONES *Gross-Motor Development in Early and Middle Childhood 179*

SOCIAL ISSUES: EDUCATION *Sex Differences in Gross-Motor Development 180*

Hormonal Influences on Physical Growth 181
Worldwide Variations in Body Size 183
Secular Trends 184

Brain Development 184
Development of Neurons 185
Development of the Cerebral Cortex 186

BIOLOGY AND ENVIRONMENT *Brain Plasticity: Insights from Research on Brain-Damaged Children and Adults 188*

Advances in Other Brain Structures 189
Brain Development in Adolescence 190
Sensitive Periods in Brain Development 191

Factors Affecting Physical Growth 192
Heredity 192

Manuscript for review only

BIOLOGY AND ENVIRONMENT *Low-Level Lead Exposure and Children's Development 193*

Nutrition 194
Infectious Disease 201
Emotional Well-Being 202

Puberty: The Physical Transition to Adulthood 203

Sexual Maturation in Girls 203
Sexual Maturation in Boys 203

MILESTONES *Pubertal Development in North American Boys and Girls 204*

Individual and Group Differences in Pubertal Growth 204

The Psychological Impact of Pubertal Events 205

Is Puberty Inevitably a Period of Storm and Stress? 205
Reactions to Pubertal Changes 206
Pubertal Change, Emotion, and Social Behavior 207
Pubertal Timing 208

Puberty and Adolescent Health 210

Eating Disorders 210
Sexuality 212

SOCIAL ISSUES: HEALTH *Lesbian, Gay, and Bisexual Youths: Coming Out to Oneself and Others 216*

Sexually Transmitted Disease 217
Adolescent Pregnancy and Parenthood 217
A Concluding Note 221

Summary 221

Important Terms and Concepts 223

PART III

Cognitive and Language Development

CHAPTER 6

Cognitive Development: Piagetian, Core Knowledge, and Vygotskian Perspectives 224

Piaget's Cognitive-Developmental Theory 226

Basic Characteristics of Piaget's Stages 226
Piaget's Ideas About Cognitive Change 226

The Sensorimotor Stage: Birth to 2 Years 228

Sensorimotor Development 228
Follow-Up Research on Infant Cognitive Development 230
Evaluation of the Sensorimotor Stage 236

SOCIAL ISSUES: EDUCATION *Baby Learning from TV and Video: The Video Deficit Effect 237*

MILESTONES *Some Cognitive Attainments of Infancy and Toddlerhood 238*

The Preoperational Stage: 2 to 7 Years 239

Advances in Mental Representation 239
Limitations of Preoperational Thought 243
Follow-Up Research on Preoperational Thought 245

MILESTONES *Some Cognitive Attainments of Early Childhood 248*

Evaluation of the Preoperational Stage 248

The Concrete Operational Stage: 7 to 11 Years 249

Concrete Operational Thought 249
Limitations of Concrete Operational Thought 252
Follow-Up Research on Concrete Operational Thought 252

MILESTONES *Some Cognitive Attainments of Middle Childhood and Adolescence 253*

The Formal Operational Stage: 11 Years and Older 253

Hypothetico-Deductive Reasoning 253
Propositional Thought 254
Consequences of Adolescent Cognitive Changes 255
Follow-up Research on Formal Operational Thought 257

Piaget and Education 259

Overall Evaluation of Piaget's Theory 260

Is Piaget's Account of Cognitive Change Clear and Accurate? 260
Does Cognitive Development Take Place in Stages? 260
Piaget's Legacy 261

The Core Knowledge Perspective 261

Infancy: Physical and Numerical Knowledge 262
Children as Naïve Theorists 264
Evaluation of the Core Knowledge Perspective 265

Vygotsky's Sociocultural Theory 266

Children's Private Speech 266
Social Origins of Cognitive Development 267
Vygotsky's View of Make-Believe Play 269

Vygotsky and Education 269

CULTURAL INFLUENCES *Social Origins of Make-Believe Play 270*

Reciprocal Teaching 271
Cooperative Learning 271

Evaluation of Vygotsky's Theory 272

CULTURAL INFLUENCES *Children in Village and Tribal Cultures Observe and Participate in Adult Work 273*

Summary 273

Important Terms and Concepts 275

CHAPTER 7

Cognitive Development: An Information-Processing Perspective 276

The Information-Processing Approach 278

A General Model of Information Processing 278

Components of the Mental System 278
Implications for Development 280

Developmental Theories of Information Processing 282

Case's Neo-Piagetian Theory 283
Siegler's Model of Strategy Choice 284

SOCIAL ISSUES: EDUCATION *Speech–Gesture Mismatches: Using the Hand to Read the Mind 285*

Attention 286

Sustained, Selective, and Adaptable Attention 286
Planning 289

Manuscript for review only

BIOLOGY AND ENVIRONMENT *Children with Attention-Deficit Hyperactivity Disorder 290*

Memory 292
Strategies for Storing Information 292

SOCIAL ISSUES: EDUCATION *Media Multitasking Disrupts Learning 293*
Retrieving Information 294
Knowledge and Semantic Memory 296
Episodic Memory 297
Eyewitness Memory 300

BIOLOGY AND ENVIRONMENT *Infantile Amnesia 301*

Metacognition 303
Metacognitive Knowledge 303
Cognitive Self-Regulation 304

MILESTONES *Development of Information Processing 306*

Applications of Information Processing to Academic Learning 307
Reading 307
Mathematics 310
Scientific Reasoning 313

Evaluation of the Information-Processing Approach 314

Summary 316

Important Terms and Concepts 317

CHAPTER 8

Intelligence 318

Definitions of Intelligence 320
Alfred Binet: A Holistic View 320
The Factor Analysts: A Multifaceted View 321

Recent Advances in Defining Intelligence 323
Combining Psychometric and Information-Processing Approaches 323
Sternberg's Triarchic Theory 323
Gardner's Theory of Multiple Intelligences 325

Measuring Intelligence 326

SOCIAL ISSUES: EDUCATION *Emotional Intelligence 327*
Some Commonly Used Intelligence Tests 327
Aptitude and Achievement Tests 328
Tests for Infants 329
Computation and Distribution of IQ Scores 330

What Do Intelligence Tests Predict, and How Well? 330
Stability of IQ Scores 330
IQ as a Predictor of Academic Achievement 331
IQ as a Predictor of Occupational Attainment 332
IQ as a Predictor of Psychological Adjustment 333

Ethnic and Socioeconomic Variations in IQ 334

Explaining Individual and Group Differences in IQ 335
Genetic Influences 335
Adoption Studies: Joint Influence of Heredity and Environment 337

CULTURAL INFLUENCES *The Flynn Effect: Massive Generational Gains in IQ 338*
Race and Ethnicity: Genetic or Cultural Groupings? 339
Cultural Bias in Testing 339
Reducing Cultural Bias in Testing 342

SOCIAL ISSUES: EDUCATION *High-Stakes Testing 343*
Home Environment and Mental Development 344

Early Intervention and Intellectual Development 347
Benefits of Early Intervention 347
Strengthening Early Intervention 349

Giftedness: Creativity and Talent 350
The Psychometric View 350

SOCIAL ISSUES: EDUCATION *The Head Start REDI Program: Strengthening School Readiness in Economically Disadvantaged Preschoolers 351*
A Multifaceted View 352

Summary 356

Important Terms and Concepts 357

CHAPTER 9

Language Development 358

Components of Language 360

Theories of Language Development 360
The Nativist Perspective 360

BIOLOGY AND ENVIRONMENT *Deaf Children Invent Language 362*

BIOLOGY AND ENVIRONMENT *Language Development in Children with Williams Syndrome 366*
The Interactionist Perspective 366

Prelinguistic Development: Getting Ready to Talk 368
Receptivity to Language 368
First Speech Sounds 370
Becoming a Communicator 370

SOCIAL ISSUES: EDUCATION *Parent–Child Interaction: Impact on Language and Cognitive Development of Deaf Children 372*

Phonological Development 373
The Early Phase 373
Phonological Strategies 374
Later Phonological Development 375

Semantic Development 376
The Early Phase 376
Later Semantic Development 380
Ideas About How Semantic Development Takes Place 381

Grammatical Development 384
First Word Combinations 384
From Simple Sentences to Complex Grammar 385
Development of Complex Grammatical Forms 387
Later Grammatical Development 388
Ideas About How Grammatical Development Takes Place 388

Pragmatic Development 390
Acquiring Conversational Skills 390
Communicating Clearly 391
Narratives 392
Sociolinguistic Understanding 393

Manuscript for review only

Development of Metalinguistic Awareness 394

Bilingualism: Learning Two Languages in Childhood 394

MILESTONES *Language Development 395*

SOCIAL ISSUES: EDUCATION *Two Approaches to Bilingual Education: Canada and the United States 397*

Summary 398

Important Terms and Concepts 399

PART IV

Personality and Social Development

CHAPTER 10

Emotional Development 400

Functions of Emotions 401

Emotions and Cognitive Processing 402
Emotions and Social Behavior 402
Emotions and Health 403

BIOLOGY AND ENVIRONMENT *Parental Depression and Child Development 404*

Other Features of the Functionalist Approach 405

Development of Emotional Expression 405

Basic Emotions 406
Self-Conscious Emotions 408
Emotional Self-Regulation 409
Acquiring Emotional Display Rules 412

Understanding and Responding to the Emotions of Others 414

Social Referencing 414
Emotional Understanding in Childhood 415
Empathy and Sympathy 416

MILESTONES *Emotional Development 417*

Temperament and Development 418

The Structure of Temperament 420
Measuring Temperament 421

BIOLOGY AND ENVIRONMENT *Development of Shyness and Sociability 422*

Stability of Temperament 423
Genetic and Environmental Influences 423
Temperament as a Predictor of Children's Behavior 425
Temperament and Child Rearing: The Goodness-of-Fit Model 426

Development of Attachment 428

Bowlby's Ethological Theory 428
Measuring the Security of Attachment 430
Stability of Attachment 432
Cultural Variations 432
Factors Affecting Attachment Security 433
Multiple Attachments 437

CULTURAL INFLUENCES *The Powerful Role of Paternal Warmth in Development 439*

Attachment and Later Development 439

Attachment, Parental Employment, and Child Care 441

SOCIAL ISSUES: HEALTH *Does Child Care Threaten Infant Attachment Security and Later Adjustment? 442*

Summary 444

Important Terms and Concepts 445

CHAPTER 11

Self and Social Understanding 446

Emergence of Self and Development of Self-Concept 448

Self-Awareness 448
The Categorical, Remembered, and Enduring Selves 450

CULTURAL INFLUENCES *Cultural Variations in Personal Storytelling: Implications for Early Self-Concept 451*

The Inner Self: Young Children's Theory of Mind 451
Self-Concept 456

BIOLOGY AND ENVIRONMENT *"Mindblindness" and Autism 457*

Cognitive, Social, and Cultural Influences on Self-Concept 459

MILESTONES *Emergence of Self and Development of Self-Concept 460*

Self-Esteem: The Evaluative Side of Self-Concept 461

The Structure of Self-Esteem 461
Changes in Level of Self-Esteem: The Role of Social Comparisons 462
Influences on Self-Esteem 463
Achievement-Related Attributions 464

Constructing an Identity: Who Should I Become? 468

MILESTONES *Development of Self-Esteem 469*

Paths to Identity 470
Identity Status and Psychological Well-Being 471

SOCIAL ISSUES: HEALTH *Adolescent Suicide: Annihilation of the Self 472*

Factors Affecting Identity Development 472

CULTURAL INFLUENCES *Identity Development Among Ethnic Minority Adolescents 475*

Thinking About Other People 476

Understanding People as Personalities 476
Understanding Social Groups: Race and Ethnicity 476

Understanding Conflict: Social Problem Solving 480

The Social Problem-Solving Process 480
Enhancing Social Problem Solving 481

Summary 482

Important Terms and Concepts 483

CHAPTER 12

Moral Development 484

Morality as Rooted in Human Nature 486

Morality as the Adoption of Societal Norms 488

Psychoanalytic Theory and the Role of Guilt 488
Social Learning Theory 490

Manuscript for review only

CULTURAL INFLUENCES *Ethnic Differences in the Consequences of Physical Punishment 493*

Limitations of "Morality as the Adoption of Societal Norms" Perspective 494

Morality as Social Understanding 496

Piaget's Theory of Moral Development 496
Evaluation of Piaget's Theory 497
Kohlberg's Extension of Piaget's Theory 499
Research on Kohlberg's Stages 502
Are There Sex Differences in Moral Reasoning? 503
Influences on Moral Reasoning 504
Moral Reasoning and Behavior 506
Religious Involvement and Moral Development 507

SOCIAL ISSUES: EDUCATION *Development of Civic Responsibility 508*

Further Challenges to Kohlberg's Theory 509
The Domain Approach to Moral Understanding 510

MILESTONES *Internalization of Moral Norms and Development of Moral Understanding 513*

Development of Morally Relevant Self-Control 514

Toddlerhood 514
Childhood and Adolescence 515
Individual Differences 516

The Other Side of Self-Control: Development of Aggression 516

MILESTONES *Development of Morally Relevant Self-Control and Aggression 517*

Emergence of Aggression 517
Aggression in Early and Middle Childhood 518
Aggression and Delinquency in Adolescence 518
Stability of Aggression 519

BIOLOGY AND ENVIRONMENT *Two Routes to Adolescent Delinquency 520*

The Family as Training Ground for Aggressive Behavior 520
Social-Cognitive Deficits and Distortions 522
Community and Cultural Influences 523
Helping Children and Parents Control Aggression 523

CULTURAL INFLUENCES *Impact of Ethnic and Political Violence on Children 524*

Summary 526

Important Terms and Concepts 527

CHAPTER 13

Development of Sex Differences and Gender Roles 528

Gender Stereotypes and Gender Roles 530

Gender Stereotyping in Early Childhood 531
Gender Stereotyping in Middle Childhood and Adolescence 532
Individual and Group Differences in Gender Stereotyping 533
Gender Stereotyping and Gender-Role Adoption 534

Influences on Gender Stereotyping and Gender-Role Adoption 535

Biological Influences 535

CULTURAL INFLUENCES *Sweden's Commitment to Gender Equality 536*

Environmental Influences 538

SOCIAL ISSUES: EDUCATION *Children Learn About Gender Through Mother–Child Conversations 540*

SOCIAL ISSUES: EDUCATION *Teaching Children to Challenge Peers' Sexist Remarks 545*

Gender Identity 547

Emergence of Gender Identity 548
Gender Identity in Middle Childhood 549
Gender Identity in Adolescence 550
Gender Schema Theory 551

MILESTONES *Gender Typing 553*

To What Extent Do Boys and Girls *Really* Differ in Gender-Stereotyped Attributes? 553

Mental Abilities 554

BIOLOGY AND ENVIRONMENT *Sex Differences in Spatial Abilities 556*

Personality Traits 558

Developing Non-Gender-Stereotyped Children 562

Summary 564

Important Terms and Concepts 565

PART V

Contexts for Development

CHAPTER 14

The Family 566

Origins and Functions of the Family 568

The Family as a Social System 569

Direct Influences 569
Indirect Influences 569

SOCIAL ISSUES: HEALTH *The Transition to Parenthood 570*

Adapting to Change 571
The Family System in Context 571

Socialization Within the Family 573

Styles of Child Rearing 573
What Makes the Authoritative Style Effective? 575
Adapting Child Rearing to Children's Development 577

BIOLOGY AND ENVIRONMENT *Does Parenting Really Matter? 578*

Socioeconomic and Ethnic Variations in Child Rearing 580

CULTURAL INFLUENCES *The African-American Extended Family 583*

Family Lifestyles and Transitions 584

From Large to Small Families 584
One-Child Families 587
Adoptive Families 588
Gay and Lesbian Families 589
Never-Married Single-Parent Families 590
Divorce 590
Blended Families 594

Manuscript for review only

Maternal Employment and Dual-Earner Families 595
Child Care 596
Self-Care 597

Vulnerable Families: Child Maltreatment 599
Incidence and Definitions 599
Origins of Child Maltreatment 600

SOCIAL ISSUES: HEALTH *Child Sexual Abuse 601*
Consequences of Child Maltreatment 602
Preventing Child Maltreatment 603

Summary 604

Important Terms and Concepts 605

CHAPTER 15

Peers, Media, and Schooling 606

Peer Relations 607
Development of Peer Sociability 608
Influences on Peer Sociability 611
Friendship 613
Peer Acceptance 618

BIOLOGY AND ENVIRONMENT *Bullies and Their Victims 621*
Peer Groups 622
Dating 624
Peer Pressure and Conformity 625

SOCIAL ISSUES: HEALTH *Adolescent Substance Use and Abuse 626*

MILESTONES *Development of Peer Relations 628*

Media 629
Television 629
Computers, Cell Phones, and the Internet 632
Regulating Media Use 635

Schooling 637
Class and Student Body Size 637
Educational Philosophies 638

SOCIAL ISSUES: EDUCATION *School Recess—A Time to Play, a Time to Learn 639*
School Transitions 640
Teacher–Student Interaction 643
Grouping Practices 643

SOCIAL ISSUES: EDUCATION *Magnet Schools: Equal Access to High-Quality Education 645*
Teaching Students with Special Needs 646
Parent–School Partnerships 647
How Well-Educated Are American Young People? 647

Summary 650

Important Terms and Concepts 652

Glossary G-1
References R-1
Name Index NI-1
Subject Index SI-1

Manuscript, for review only
