How to use this Teacher Companion

PEARSON **history** New South Wales 8 Teacher Companion is designed to support you in teaching the Board of Studies syllabus for the Australian Curriculum: History. The teacher companion brings together the student book, activity book and eBook 3.0 to provide a comprehensive approach to teaching the new History syllabus.

Key features include:

- pages from the student book with wraparound teacher notes, teaching and learning strategies, and syllabus links
- pre-planning advice
- learning activities that cater for a diversity of learners
- answers to all questions and activities, wherever they appear
- answers to all activity book units
- links from student book pages to the relevant activity book units and to eBook 3.0.

The structure of the teacher companion makes it easy to use. The following sections outline key features in more detail.

Chapter opener

Each chapter opener is designed to prepare teachers for teaching the depth study. This includes:

- 'Syllabus Links' information that links the chapter to the relevant depth study
- a detailed introduction to the chapter that gives an insight into the chapter content
- a list of key terms used in the chapter opener
- pre-preparation strategies for teaching the topics in the chapter
- 'In a nutshell' information, which gives the teacher an overview of the depth study
- links to the pre-test and web destinations available as part eBook 3.0 and to the relevant Activity Book units.

Unit opener

Each unit opener continues to explore the Board of Studies syllabus through the Syllabus Links feature. Direct links are made between each unit and the Student Outcomes and relevant Content and Historical skills for Depth Study. Added are key concepts and terms that are explored within the unit, and teaching and learning strategies.

Teaching and learning strategies

Teaching and learning strategies are provided throughout each unit. These encourage further exploration of the content of the unit through a range of activities related to. Suggested answers for each activity are provided for teachers.

The teaching and learning strategies use a multiple intelligences (MI) approach. The multiple intelligences for each activity are listed. This allows teachers to choose the activity most suited to students' needs. The multiple intelligences incorporated in the learning strategies are:

- visual-spatial
