

**THE SCENE:
POLICE STATION -
Meeting of Police
Officers.**

The Chief of Police is working through the list of tasks to be undertaken.

*We have a problem at Martha's Ice-cream Shop. All her ice cream has **disappeared**. She had to leave the shop between four and five o'clock on Monday afternoon. She was in a hurry and left the **windows open**. I have a list of people who visit her shop for ice creams most afternoons.*

Officer Blake, could you talk with these people? They may be able to help us with the investigation.

Officer Smeg, could you please look in Martha's Ice-cream Shop for clues?
